

PED Pressure Equipment Directive POLI BOILERS

CUSTOMIZABLE SMALL-SIZE BOILER
FOR HOT WATER AND STEAM

BOILER MEDICA
Healthcare

Small-size boiler in 304 or 316 **Stainless Steel** that can be adapted to various machines for **Healthcare** field use, namely for the production of hot water and steam.

A PRODUCT "SIGNED BY POLI"

- high-precision manufacturing
- plate base-thickness: 1mm (adjustable upon request)
- long-term life cycle
- specific CAD-design Service
- **features:** - size: Ø from 80 to 200 mm
H. from 80 to 300 mm
 - position and number of water inputs and outputs
 - resistance sheathing material (AISI/ASTM321/Incoloy/...)

APPLICATIONS

Electrical Power and Capacity can be changed and customized according to the intended end-use.

The combination of **technical features**, from size to power, is assessed and designed for every type of requirement.

The **Capacity** can vary from a minimum of 0.5 lt to a maximum of 1.5 lt.

POLI BOILERS are customizable

Manufacturing in compliance with **EU Directives** and **Italian regulation MOCA**
DGISAN 14445-P-10/04/2017 D. Lgs. 10/2/2017 n. 29
