 special mechanical components | high-precision welding

# Certified Pressure Tank

easy to open stainless steel boiler  
AISI 304 or AISI 316L  
for the production of hot water and steam

Pressure boiler designed to be easily opened. This allows you to extract the **flange component with resistance** and probe holder and, after having examined, cleaned or replaced the single element, to close the boiler again to restore it to its original performance.

## AREAS OF USE

Food & Beverage | Healthcare | Oil & Gas

## DIMENSIONS

Solutions and capacities are **customizable** from the proposals available in the catalog (0.5 and 1 liter)

## SUSTAINABILITY

«The life cycle of the openable boiler is much longer than that of a traditional ones. Furthermore, steel is **100% recyclable** and thus fits perfectly into the circular economy cycle»

# MADE IN ITALY

## CERTIFICATIONS

UNI EN ISO 14001:2015 Environment  
UNI EN ISO 45001:2018 Safety  
UNI EN ISO 9001:2015 Quality

PED production of tanks and boilers with electrical resistance

UL-CRUUS accreditation for the conformity of tanks and boilers according to US and Canadian safety requirements
